This week's meeting took a very different format, with a number of short, interactive sessions to build the knowledge, skills and confidence of members with the use of technology. Some useful tips are outlined below.

Use of Google Drive

In recent years an archive of documents has been added to the Club Google Drive including photos. Those holding Executive positions or Chairs of committees are encouraged to use this storage so that there is continuity into the future. Documents such as Board Minutes are also available and every Club member should read the minutes each month. To get onto the google drive you need to have a gmail address and to download the google drive app. Access to the Club drive can be granted by Alan, so contact him for assistance. This process is only required once.

There may be confusion between your own google drive and the Club drive—this drive will be found through the tab 'Shared with me'. Board Minutes are in the Admin file.

Use of WhatsApp to post photos

Many members are appreciating the immediacy of a quick message on WhatsApp and sharing photos is a great way to share the enjoyment of various activities. A practice session posting photos led to some 'interesting' photos

Andy pointed out that the best way to send photos to him for the website is on WhatsApp or FB Messenger.

COMMUNITY NEWS

A big shout out and thank you to Gracie and Karen from the Bunnings Scoresby store, who organised the donation and delivery of the following items to Tamminya House:

- 2 x Raised garden beds
- Soil
- Compost
- Mulch
- Seedlings.

They also set the garden beds up and then planted the seedlings. Not only did they attend to the new garden, but weeded and tidied other garden areas as well. A fantastic effort!!

The Rotary Club of Rowville-Lysterfield and Bunnings Scoresby partnering to make a difference in our local community.

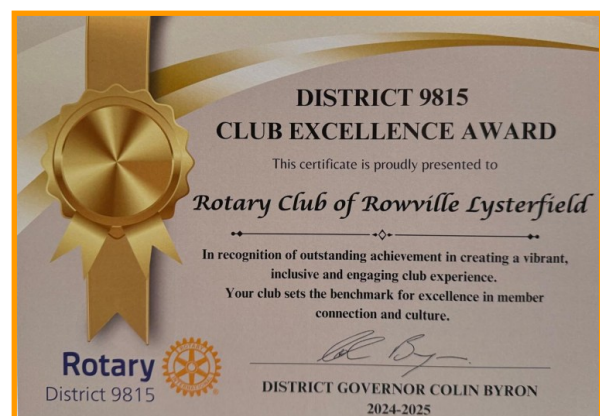

CLUB NEWS

Last Friday night at the Presidents and Presidents Elect meeting, President Jenny was presented with a District 9815 CLUB EXCELLENCE AWARD. Out of 80 clubs, Rowville-Lysterfield was one of only 11 to be honoured in this way.

The award was “In recognition of outstanding achievement in creating a vibrant, inclusive and engaging club experience. Your club sets the benchmark for excellence in member connection and culture.”

What a wonderful way to cap off a wonderful year! Congratulations to all!

The time is fast approaching when Murray Wilson will head off to the Rotary International Convention in Calgary. After the Convention, Murray will be joined by Janine and other members of the family for some exciting travel in Canada and the US, including the chance for Murray to catch up with some former friends from his days as an Exchange Student. We wish them all safe travels and a wonderful time enjoying all the excitement that travel has to offer.

TECHNO BLITZ—Making the most of technology *contd*

Increasing our impact through FaceBook

Stephen asked all members to like, share and follow our Club FB pages, including sharing with any groups that we are part of. Our number of followers has increased and FB is proving an effective tool to communicate with the wider community about our activities.

Using the ClubRunner App

ClubRunner is an App used by our Rotary District to provide contact details for all members in the District, in a secure environment. Opening the App to the My Club tab enables contact details to be found for all members of our Club. There is also provision to add a lot more detail, such as events, which we have not taken advantage of, but which could be utilized in the future. Searching for any other Rotarian in the District is easy—go to the menu (3 horizontal lines on the top left), tap on Member Search and fill in the required name. If correct spelling is unknown, such as 'Steven' or 'Stephen', typing 'Ste' will give a complete list of all members with names starting with those letters, for you to select the required name. If you need assistance, ask Daryl for help.

Google Calendar

It is intended that we will have a google calendar in which all club events can be entered, to make finding a date for an event easier. Andy Lingga took us through a few of the basic functions of a google calendar.

Taking better photos with your iphone

Andy R introduced us all to some simple but incredibly effective tools that we can use when taking photos, such as blurring the background in a photo to make the object of the photo 'pop', as shown below. He also illustrated the importance of good composition, using the golden spiral, and the effect of cropping a photo to cut out extraneous background images. The possibilities to take interesting and effective photos with an i-phone are amazing.

Andy's ppt presentation will be circulated and you can ask him for advice if you wish to learn more.
